Stonegate Precision Tooling Site Induction

Welcome to Stonegate, the UK's number one supplier of tooling solutions to the stone industry.

We hope you enjoy your visit with us today. Our business is a very low risk operation due to our commitment to health and safety from senior management and the hard work that has been undertaken to make sure that every procedure we carry out minimises the risk to everybody on site. We are committed to providing a safe and healthy environment for all of our visitors and in return all we ask is that you read the below information and respect our policies which are in place for your own safety.

Arrival	Upon arrival you will have been greeted by one of our staff and asked to sign the visitors record book, this is essential in the event of an emergency and will be used as a register if the building has to be evacuated.
Fire Safety	A copy of our Fire Emergency Evacuation Plan is readily available and we advise that you familiarise yourselves with the document in case of an emergency.
First Aid	In the event that you may require First Aid all of our first aiders are fully trained and have access to first aid kits that you will see at various locations throughout the building.
PPE	You will be advised if there is a requirement for PPE to be worn in certain areas. This will be dependent on the day's activities and provided where necessary.
Incident Reporting	All accidents, near misses and incidents must be reported as soon as possible and will be dealt with by our Health and Safety officer.
Checklist	You should now be aware of our commitment to health and safety and your responsibilities while on site. You should also know what to do if: <ul style="list-style-type: none">➤ You hear the fire alarm.➤ You need first aid treatment.➤ You need to report an incident.

Thank You
